Welcome to our Spring 2013 Auctions

Welcome to our Spring 2013 auctions. Spring Auction Season is our favorite time of year. Days are getting longer, Spring Fever is near and we are excited to start our Spring run of auctions.

With strong grain & livestock markets and a bright future ahead, right now is an exciting time to be involved in the world of agriculture. Every year we have the privilege of working with many great people. This year once again, we have the opportunity to be selling for a great group of clients offering an excellent selection of equipment. We invite you to participate in the many fantastic auctions we have scheduled. Take advantage of the opportunity to purchase quality used equipment where you get to set the price. At the same time go for a road trip and enjoy meeting some new people.

We hope you find our Spring 2013 Auction Catalogue a valuable resource. But don't stop there. Be sure to visit our website to find numerous equipment photos, more information ie.) spec sheets, work orders etc. as well as a history of past auction prices. We are continuously upgrading our services to provide you with the information you need to be better prepared for auction day. Also, if you are unable to attend any of our auctions be sure to use our live internet bidding service. Our recently upgraded system is more user friendly than ever and now offers live video and no longer requires any software downloads. These are just a few of the things we offer while continuing to live up to our reputation of providing "the best farm auction service available anywhere". Your feedback is always appreciated and we work hard to adapt to your buying and selling needs. For 64 years and counting, our family business has been built on hard work, dedication, attention to detail and "Hands-On" personalized service that cannot be duplicated. Our team is looking forward to assist you this spring.

Remember when attending our auctions - No Buyers Premiums, No Loading Fees, etc. WE SIMPLY APPRECIATE YOU AS A CUSTOMER AND YOUR CONTINUED SUPPORT OF OUR AUCTIONS.

We look forward to seeing you this spring and would like to Thank you in advance for your participation at our auctions. Good Luck and Good Bidding.

From the Kramer Family and our entire auction team we wish you all the best in the 2013 Farming Season. When attending our auctions please travel safely!

Neil Kramer

Brendan Kramer

Kim Kramer

Michael Higgs

STATEMENT OF PRINCIPAL Buyers bid with confidence at our auctions. They know at no time whatsoever will they be in the position to have to bid against the auctioneer. Kramer Auctions do not purchase auctions, we conduct them. We do not guarantee returns. We believe this process will interfere with the integrity of the auction system. An auctioneer should never be in the position where he is tempted to bid against his customers. Therefore, you as a bidder can rest assured that you will not be bidding on equipment pre-purchased or price guaranteed by the auction company, BUT only bidding on equipment that is owned by the sellers we represent.

KRAMER AUCTION TEAM

Thank You! We appreciate your business.

- Six Anchor Points
- Smooth Wall Makes For Less Product Hangup
- No On Site Setup
- Patented Door System
- Most Options Are Standard Equipment On Our Bins!

FORCE LINE

PATENT PENDING

JTL INDUSTRIES' NEWEST LINE OF BINS

INTRODUCING THE FORCE LINE OF GRAIN BINS & REPLACEMENT HOPPERS

JTL Industries Ltd. is very proud to introduce our Force line of bins and replacement hoppers. This is another in a line of unique concepts which JTL has introduced into the market over the last several years. The "Force" line has incorporated the skid and legs into what has become a very effective aeration system. The ease in which the fan can be mounted onto the bin is one of the features our bin presents, however it is the broader skid formation and aeration system that really make our bins stand out in the marketplace.

The wider skid which allows for a more stable base for the bin to stand on, also acts as the Plenum for the aeration system. The fan brings the air into the skid, pushes it up the legs and through the strategically placed distribution points across the cone-face and into the grain. There are no cumbersome tubes in the bin. The air moves up from the bottom of the bin rather than coming into the bin closer to the top of the cone like traditional systems. This allows for even air flow through the entire bin. By using the existing infrastructure we have been able to eliminate some of the costs associated with aeration today.

JTL Industries is also excited to be able to offer a "Force" line of replacement hopper cones for your existing bins. Being able to offer a "Force" hopper will compliment our "Legacy" line of replacement floors.

ONLINE LAND **Auction** **TL RANCH** GLASLYN AREA

13 QUARTERS OF GRASSLAND

BEAUTIFUL HOME

HOLISTIC MANAGED

RECREATIONAL PROPERTY

NO INTERNET, NO PROBLEM
CALL US TO ARRANGE YOUR BIDS

Final bid subject to seller's approval. See full terms & conditions on our website

This beautiful "once in a lifetime" property consists of 13 quarters (+/-1344 cult acres seeded to grass) of very well managed grassland all in one block. Features piped watering system to various areas consistent with grazing pattern. It will be offered in 10 lots/parcels. **PARCELS 2,3,4,5,6** contain very lush well managed grazing pasture. Five parcels (**PARCELS 7, 8a, 8b, 9, 10**) contain the same type of pasture, but could also be classified as having recreational usage, 1 bush parcel, 4 parcels surrounding a very attractive narrow +/- mile long pond of water, and all within 1/2 - 2 miles of Little Loon Lake. **PARCEL 1** consists of the home quarter which also has access to the pond, and features a 1950 sq.ft. energy-efficient (12" thick R36 double offset 2x4 construction walls & R40 ceilings) ranch style bungalow. This home also comes with all appliances (fridge, counter-top stove, double oven, dishwasher, washer & dryer). The roof features high grade attractive metal shingles. Various outbuildings including shed, double detached garage lined and insulated, metal clad barn and some small bins complete the picture of this very attractive parcel. The house is currently operated as a Bed & Breakfast venue. See more information and photos on our website.

This ranch has been managed for the past few years using the holistic management guidelines. Improving the soil and healthy grass is a goal that has been achieved.

2013 Auction Season Starting Early — March 14th Complete Dispersal Auction on behalf of Shoemaker Agro Inc. — Norm & Laura Shoemaker Lewvan, SK (Regina area)

We are set to have an earlier than usual start for our spring auction run. Be sure to mark your calendar to attend this outstanding auction. Due to the type of equipment on offer this auction has been scheduled early to better suit bidders buying plans. The earlier the auction the easier it is for potential bidders to make plans for purchasing therefore helping them to be better equipped earlier for spring seeding. This outstanding auction will feature a late model line-up of first class John Deere equipment and more. The auction site is very well set-up with a large building to host the auction in case of bad weather.

Watch for many new upgrades to kramerauction.com

COMING
SOON!

In efforts to offer our customers the most informative and user friendly auction website we are once again undergoing numerous upgrades. The new look and options should help you be better informed of our auctions. We are sure you will enjoy the new features and will find them helpful when using our website.

Watch for the upgrades to be completed by spring 2013.

Consign Now! This is our last Bison Auction until December!

Land Auctions — Wrap-up

Throughout the fall we had a variety of land that was sold and leased by auction. Each year the auction method of marketing is growing in popularity amongst buyers and sellers alike. Sellers like the convenience of a known date of sale allowing them to make forward plans. They also like piece of mind knowing their property will be well promoted creating a true market value by allowing all bidders equal opportunity to participate in open competitive bidding at the auction. Buyers like the auction method because they know every interested party has a fair equal opportunity to take part in the bidding on a specific date and the auction is very transparent. Bidders know exactly what their next bid must be to stay involved in the sale. They have confidence knowing they are only placing one bid higher than what the last bidder was willing to pay. Lastly they can make better plans with a definite sale date in mind.

Trends are once again showing an increasing demand in cultivated farm land with prices reaching new highs in some areas. Pasture land remains at an average steady price. While recreational land is also realizing good demand.

Below are hi-lites:

RM of Redberry -

Sold by Auction July 24th NW35-44-8 W3 (Assessment 44,600) \$180,000 and NE35-44-8 W3 (Assessment 64,700) \$205,000

RM of Great Bend -

Sold by Auction December 6th NE34-40-09 W3 (Assessment 51,900) \$144,000

Land Lease Auctions resulted in good cultivated farm land being leased by auction for a range of price from \$67 per acre to \$105.50 per acre.

COMMON QUESTION – WHY SUCH A VARIANCE IN PRICE?

In today's marketplace almost all farmland regions have realized an increase in price of land values. Some have increased slightly while others have gone up drastically. When discussing land prices and rental amounts we have been asked several times "Why such a difference in price from one area to the next?" The answer to this is fairly straight forward. We conduct auctions throughout the prairies and as you know every farming area is unique. Land quality, Land availability, location of land, recent conditions and the shear competition amongst area farmers can vary drastically from one region to the next. These are all contributing factors relating to land sale prices and rental values. With recent trends in the marketplace it is becoming difficult to determine the actual value of the sale and rental of land. Whether the price is going up or down - Auctions have been and remain to be the truest method of price discovery for sale and rental of land. Auctions allow all interested parties to participate in the bidding in a fair, transparent bidding environment.

**To learn more about Land Auctions or to discuss selling your property feel free to contact us any time.
Real Estate Broker Ed Truelove 306-441-0525 OR Kim Kramer 306-441-1685.**

Visit kramerauction.com for the latest Auction Site

weather conditions

When attending auctions everyone knows the weather can be unpredictable. On stormy days we get numerous phone calls wondering if auctions will be postponed, etc. For the most recent information visit our website. When conditions are uncertain we try our best to inform bidders of the auction status. We very rarely postpone an auction. Although, if travel conditions are poor enough that peoples safety is at risk or if the auction site conditions make it not possible to conduct a public auction, occasionally we have no choice but to postpone to a later date. Our number one goal is to keep everyone's safety and best interests in mind.

Facebook Contest — Around the Farm Jokes Contest

Anyone who's been around the farm knows that everyone always enjoys some good humor. Submit your favorite "Farm Related" joke to our

Facebook page. Remember to keep some good taste in mind as there will be a variety of readers. Once on our Facebook page we will have a contest to see which joke gets the most votes. The winning joke will be published in our Summer 2013 Catalogue in the "Behind the Block" newsletter along with the name and hometown of who submitted the joke.

Everyone enjoys a good laugh so why not have some fun and submit your favorite jokes to our Facebook page.

Why Buy at Farm Auctions

Farm auctions are an age-old tradition amongst prairie farmers and Kramer Auctions is proud to be a part of that tradition since 1949. Farm Auctions remain to be a preferred choice amongst buyers to purchase quality farm equipment.

First off buyers like auctions because through the bidding process they get to set the price for used equipment. Buyers also like to know the previous owners and history of equipment. Many potential bidders value the opportunity to bid on equipment in its current farm location. That way they not only get to judge the piece of equipment they are interested in but they get to look over the entire farm operation and meet the owners. Purchasing equipment from a farm dispersal auction also gives buyers the opportunity to discuss equipment applications as well as past usage and maintenance with the previous owner.

Lastly, most buyers simply like to purchase quality farm equipment while supporting a retiring farmers dispersal auction. So if you're in the market for used equipment why not attend and take part in the bidding for good quality farm equipment at one of our farm auctions this spring.

KRAMER
AUCTIONS LTD.
SINCE 1949

kramerauction.com

Kramer's Chant for Charity raising over \$591,000!

In 2012, the Kramer Auctions family raised over \$591,000 by volunteering their auctioneering services to Local & Rural Community Clubs, Organizations and Families in need of support. Brendan Kramer says "We are very proud of what we are able to give back to the community clubs and organizations by volunteering our auctioneering services. The funds raised at these events build stronger communities which we all benefit from." He adds "We are a very community minded family business and help more than just community clubs and organizations. When called upon, we and our staff volunteer our Auctioneering skills and services to assist families who are in need of financial support due to an illness or sudden tragedy." The Kramer Auctions family is proud to be a part of the Battlefords and area community as well as numerous other rural communities.

The Kramer family would like to thank their staff who volunteer their own time for these events. The Kramers would also like to extend their thanks to the volunteers who helped organize these events as well as those who have attended any of the fundraisers and have participated in the bidding. Without your participation & support, these events would not be successful.

U of S Huskie Hockey "Off The Leash Luncheon"

On Friday October 5th some of the Kramer Crew attended the annual luncheon and offered their services by conducting the live auction helping to raise funds for the men's hockey program. This years luncheon featured guest speaker and NHL all-star defenceman Paul Coffey. The luncheon is always a fun occasion to attend. Watch for next year's date and make plans to attend. For more information contact Shannon Briske 306-665-3244.

EMPLOYMENT OPPORTUNITY

Join our team and experience the fast paced auction environment.

We are currently looking for individuals for the below positions.

ADMINISTRATIVE ASSISTANT - This position will require experience with Microsoft office computers and internet usage. A knowledge of farm equipment would be an asset but not a requirement. Position would involve a variety of administrative duties. If you are a multi-tasker that likes a fast paced job then this may be a position of interest to you. This could be a seasonal or part-time position working at our North Battleford office. Competitive wages available depending on experience and capabilities. **Please inquire with Kim.**

AUCTION SET-UP/EQUIPMENT OPERATOR - This position involves assisting with the preparation and set-up of auctions at our permanent facility in North Battleford as well as numerous off-site locations. Involves starting and operating a variety of equipment including farm equipment, vehicles, forklifts and skid steers. Also includes the organization and sorting of auction items. If you are looking for rewarding employment that is exciting with no two days the same this may be the position for you. You will have the opportunity to work with a variety of clients at many different locations helping them prepare their auctions. Competitive wages available depending on experience and capabilities. **Please inquire with Brendan or Mike.**

Thursday November 1, 2012 - Elrose, SK

B & V ACRES LTD.

Bob & Verna Nunweiler & Kurtis Nunweiler

"I recommend your professional service to any other agriculture based business who may be contemplating the sale of their equipment." - Bob Nunweiler

I am writing to thank you and your team for doing a superb job of organizing and completing the sale of our farm machinery and grain bins on November 1st of this year. You along with Bryan and Sam Somerville did an outstanding job of making sure everything went smoothly and without any hitches. With your help the preparation of our equipment, shop tools and numerous miscellaneous items was less stressful than I could have ever imagined. On sale day we were relaxed while your team went ahead and sold our lineup of equipment and bins. The catering people were well organized and kept the crowd well fed and watered until the very end. We also were extremely pleased with the sale results. The pickup of items and finalizing after the sale has gone extremely well too. Kurtis, Verna and I recommend your professional service to any other agriculture based business who may be contemplating the sale of their equipment. I would be available to answer any enquiries that a prospective customer might like to have answered.

Unit #15 1391-98 North Battleford

Cozy well appointed like-new 1 bedroom Condo Unit for sale

MLS# 442162 Acreage with house in Delmas, SK.....Price: \$149,900.00
1.47 acres (180' x 356') with 1120 s.f. home

MAJOR PRICE REDUCTION!

Great home ownership opportunity in the quiet "bedroom" town of Delmas, within a short 20 minute commute to the City of North Battleford, off of Highway 16. A 5 minute drive to Table Mountain Ski Resort. Owner says that Delmas is reported to have the best water in Saskatchewan (water attained from an aquifer). This sunny home features 3 spacious bedrooms on the main level, large country style kitchen, etc. Features recent redecorating and painting, bathroom refinishing with updated fixtures, flooring surfaces, kitchen cabinets and countertops, also includes nearly new appliances. Rounded ceilings in living room and hallway original to the home. Main floor laundry. New steel insulated front door. Large porch to keep outer clothing, boots, etc. Large full concrete basement with rumpus room and extra bedroom. Cold room for excellent storage of garden produce. Property is on town water and sewer but also has a backup well for alternate water supply. Natural Gas heat. Piano remains. Neighbors on the south side of property only. Top quality land for gardeners. Lots of space for children and pets to play. Delmas is close to the major oil activity. Great for Semi operators. Easy access for Semis - can easily get into property from the (North) and out of property to the south. A must see! NEW INFORMATION: July, 2012 - Roof reshingled with new 30 yr shingles.

MLS# 450646 1291 106 St North Battleford, SK.....Price: \$112900.00
660 sq. ft. 2 bdrm home on a 50'x120' corner lot

Great little home for first time buyer or rental property investor. Has just undergone (2012) some important renovations including flooring, kitchen cabinets, countertops, kitchen sink and faucet. Electrical has been upgraded, all rooms repainted, bathroom has received a pedestal sink, mirror cabinet & ceramic tile tub surround. Window upgrades done about 2005. Full undeveloped basement. Sewer line upgrade was done by the city in October 2012. New EE Furnace installed in November 2012.

Year Round Home at Lac La Plonge**

2703 - 2ND AVENUE

RESORT VILLAGE OF LAC LA PLONGE, SK

Beautiful Property at Lac La Plonge, SK. Located an hour and a half north of Meadow Lake with pavement all the way to the resort. Lac La Plonge is known for year round fishing with an abundance of lake trout and northern pike. The Beaver river is also five min away and has excellent walleye, northern pike and perch fishing. Enjoy some of Saskatchewan's finest scenery with 200 miles of shoreline and beautiful sandy beaches. Year round enjoyment for the outdoorsman/sportsman with lots of quad & snowmobile trails. A gravel air strip is located just 10 km away.
