The 2017 MGM Grand Genetics Auction was the fourth "Select Breeding Stock Auction" of its kind in many years and resulted in an outstanding success. It was great to see a wide selection of buyers from Saskatchewan, Manitoba and Alberta all eager to buy top quality Replacement Heifers and Breeding Bulls. The MGM Bison Producers (Miller / Gompf / McAllister) were happy with the results of their auction and are looking forward to a date in February 2018. Mark your calendar for your chance to purchase some of the top producing genetics in the industry and improve the quality of your herd with more outstanding bison from the MGM group!

On behalf of Kramer Auctions and the MGM Grand Genetics Group – Thank you for your attendance and participation at the Auction. **Our next regular Bison Auction is February 15, 2017.**
